**A BRAND
NEW STORY OF
MEDITERRANEAN
CULTURE**

Imagine the enchanting allure of the Mediterranean, or the richly spiced rhythm of life in Southern Italy...

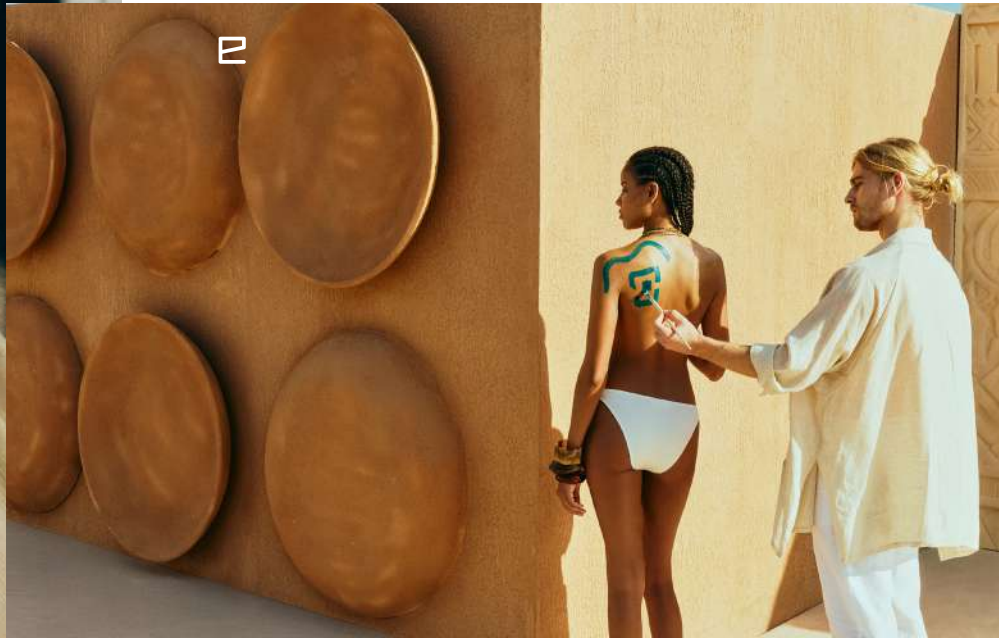

Prepare yourself for a mysterious journey down a hidden street opening to the sea in Byblos, or surrender to the intoxicating energy of Latin America.

This is a place where all those dreams and dreams yet to come come together and transform. This is Bel Paese... This is Pura Vida...

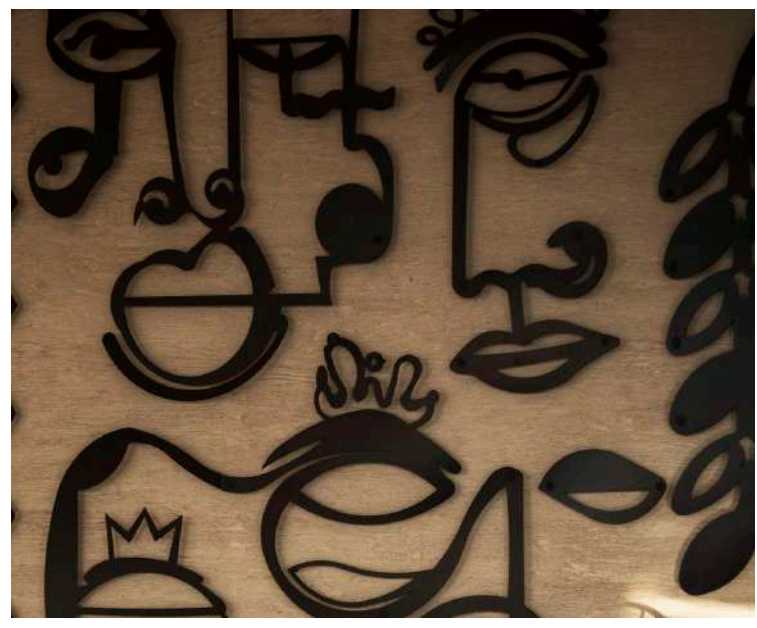

A world map designed just for you — get ready for an unforgettable experience on this map where differences turn into richness.

Surrounded by striking brands and spaces that will awaken all your senses.

This is where every choice comes together... where a Cannes night transforms into a Banwa morning. Imagine a map of the unknown, designed just for you — and get ready for a brand-new experience where first encounters turn into unforgettable surprises.

We call it Ethno Culture—being aware of every benefit that nature offers to humanity and striving to sustain it.

We call it Ethno Culture—embracing and preserving the values and rituals passed down from the past.

ETHNO PEOPLE

Natural.
Calm.
Confident.
Authentic.
Loves to celebrate life.
Connected to its values.
A creator of joyful moments.

The Ethno person is ready for change; seeking a lifestyle beyond ordinary rituals, open to all the colors of the world, to new excitements, adventures, and discoveries; embracing differences, connected to all cultures, and nurturing the mind through art and science...

ETHNO STORIES

A quality life is measured by the value given to moments. It is those very moments that make life meaningful. Ethno People is a community empowered to create their own unique moments and to experience them with joy.

We call the moments created and cherished by Ethno People through their own power Ethno Stories.

ETHNO LUXURY

For Ethno Luxury, luxury is not a concept that can be measured by money.

Embracing an authentic lifestyle, staying true to one's core values, and fully savoring the moment—these are the most precious forms of luxury for us.

At Ethno, we offer not a luxury that consumes the planet, but one that nourishes the human soul.

ETHNO ARTS

One of the most essential concepts that brings together people who carry the Ethno spirit around the world and transforms them into a community is Ethno Arts.

With this vision, Ethno makes art an integral part of its living spaces. Going beyond a holiday experience, it aims to bring people together, unlock their creative potential, and make art a fundamental part of Ethno culture.

ETHNO TALKS

Everyone who naturally embraces and internalizes the Ethno culture, and views life through that lens, is an ambassador for us.

We value their expressions and create spaces where their ideas can be shared and spread.

We call these spaces Ethno Talks.

ETHNO GATHERINGS

At Ethno, we are driven not by passive consumption, but by active participation and creativity.

For this reason, we curate experiences where our guests can engage, create, and actively take part in diverse activities.

We call these
Ethno Gatherings.
